HONORING VETERANS

*"The price of
freedom
is eternal vigilance."*

~ THOMAS JEFFERSON

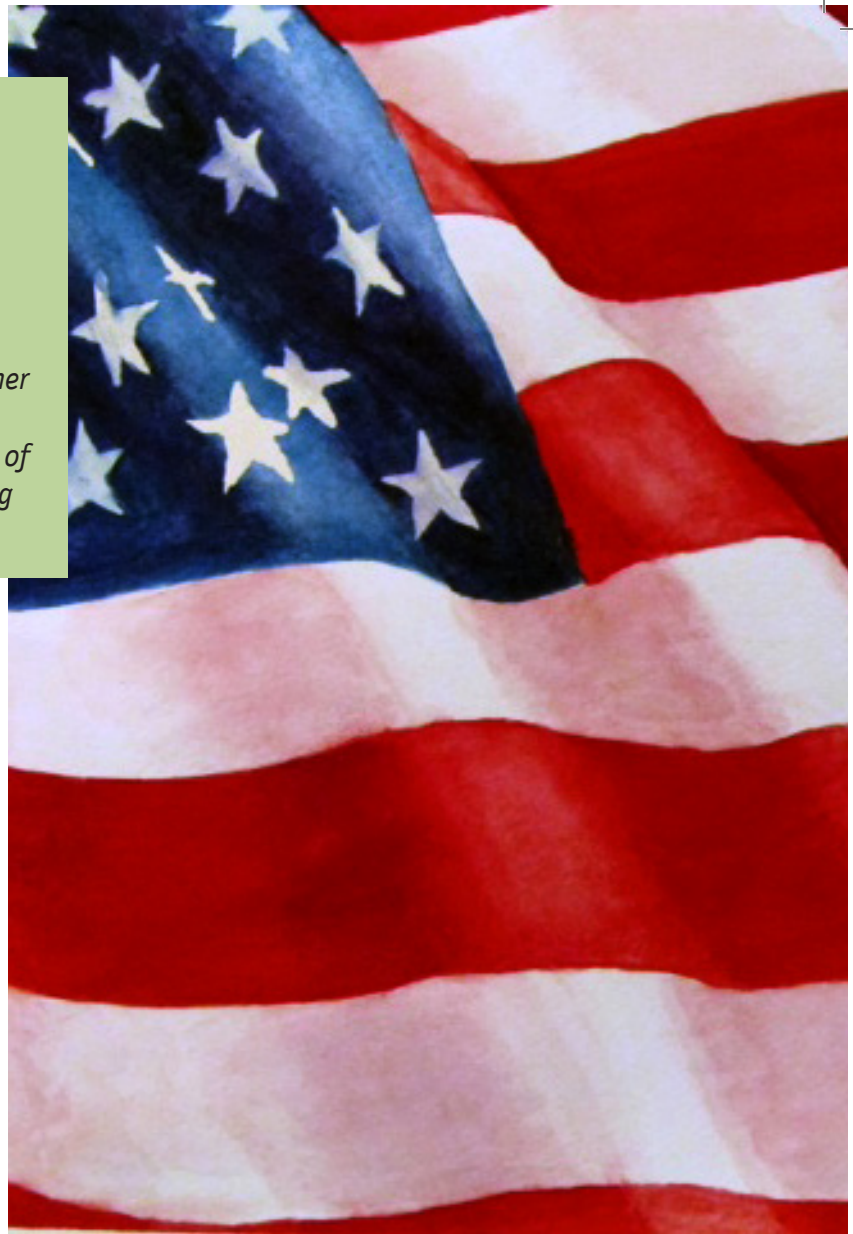

a community-based non-profit agency

Pathways is pleased to offer Larimer and Weld County military veterans a program focused on providing respectful, compassionate care, recognition of their service and specialized support for their families.

With over 38,000 veterans residing in Larimer and Weld Counties who may experience unique challenges at end of life as a result of their military involvement, we are improving our service to those who have served us.

We:

- Identify patients and immediate family members who've served our country
- Educate our clinical professionals to provide specialized care to patients with a history of military service and possibly physical or psychological trauma
- Work collaboratively with Larimer County Veterans Services and the VA Medical Center
- Offer a Veterans to Veterans Volunteer Companionship Program
- "Provide veteran-specific resources through our Community Library located at our main office (305 Carpenter Road, Fort Collins).
- Partner with community veteran's organizations
- Recognize the contributions of veterans through ceremonies and events
- Pay tribute to all US military veterans through our on-site Honoring Veterans Garden, the centerpiece of which is an American flag
