Pathways Chapel

We are proud to offer our chapel as a space for memorial services free of charge. We understand that planning a service can be a difficult and emotional time, and we want to alleviate any financial burden that may come with it. However, we do appreciate any donations that may be given to help us maintain and improve our chapel for future use. These donations help us to continue to provide a peaceful and comforting space for families to honor their loved ones. We are grateful for any support that we receive and are committed to using it to enhance the experience of those who use our chapel.

For more information or to reserve our chapel for your memorial please contact
