Presented by Wilbur's Total Beverage, the evening raises money for Pathways who provides expert medical and comfort care for individuals navigating the last months of life. Pathways is here to help guide those in need through the healing process, regardless of age or financial situation. Areas of focus include both help with grieving following a loss and grief during a serious illness.

Pathways for Grief and Loss offers Individual counseling, support groups, creative therapies such as art and music and grief support events and resources to meet clients where they are at in their grief journey.

2023 sponsorship opportunities

★a vintage affair, presented by wilbur's total beverage, has been pouring for pathways for 20 years.

Pathways provides compassionate, comprehensive care for those who have an advanced medical condition and those who are grieving. As a nonprofit agency, Pathways ensures patients receive the care they need, regardless of their ability to pay.

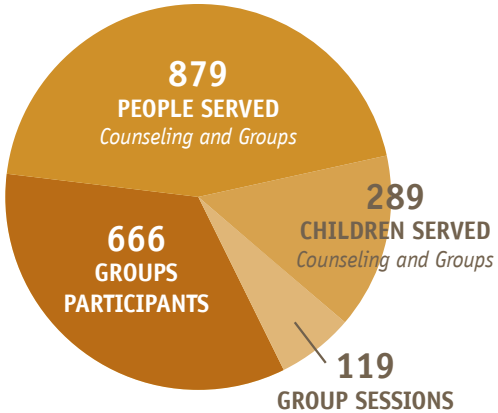

Pathways also understands the importance of grief support, counseling, and education following the loss of a loved one. Through Pathways Grief and Loss programs, bereavement services are not only available to the families of patients but also to anyone in the community who has suffered from the loss of a loved one.

Pathways works diligently to steward donations so they can be used where needed the most. This year, by participating as a sponsor or attendee, you will be supporting Pathways' Bereavement Counseling Program.

Proceeds from A Vintage Affair will support the Pathways for Grief and Loss program which provides counseling and creative therapies to assist children, teens, and adults through the confusing and overwhelming emotions that arise during such a difficult time.

Funding, for bereavement services, provided by medicare does not cover the full costs of providing comprehensive grief support care for the community.

Your support ensures that anyone in our community in need of pathways services will be able to receive quality care regardless of their ability to pay.
